THIS LITTLE JEWEL NEEDS A NEW HOME
She is half Poodle & half Shih Tzu, or simply put she is a Shih Poo, she is five months old & has all of her shots, I will provide records, she is a sweet active puppy & would be great with children, she needs playmates. When we purchased her we were misled & the end result of that is that she is not the best choice for a nearly 80 year old woman. We were told that she would be about 9 or 10lbs, she is about 22lbs & active, at five months she is nearly grown, she needs a young family, we are asking $300. 425-422-3551 Deer Park

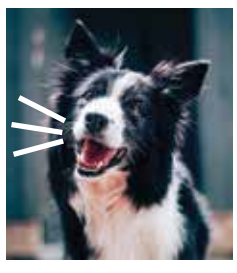
GETTING A PUPPY?

Congratulations on making the choice to add a new member to your family! Before your furry bundle of joy comes home make sure you are dealing with a safe source & asking the right questions. Here are a few tips to help you make a responsible choice and avoid disreputable breeders, pet shops or puppy mills in the process!

1) HOUSE CALL: It may be tempting to meet the breeder somewhere in between but drive the extra hour and see where the puppies are being raised. Pay attention to the conditions in their home and kennel. Are the kennels clean? Odor free? Are the dogs on site clean, well fed, lively and friendly? Do any of the animals exhibit signs of malnutrition or illness? Visiting the premises is a huge indication whether or not the puppy you are buying is socialized, loved and healthy.

2) MEET THE PARENTS: While on site take a bit of time to interact with the puppies parents. This will give you insight into what their puppies may be like as they mature. Pay attention to their size, demeanor, temperament and appearance. Can you handle this size of dog? Does the breeds energy level match your own? Does either parent have any health issues? Genetic issues?



3) TALK SHOP: Sitting down with the breeder and getting to know them, their business and their dogs is crucial to making an educated purchase. How long have they been breeding? What is their experience with the breed? Are they involved with any breed clubs or organizations? Do they offer a health guarantee? Is there a purchase contract and what does that entail? Can we call you with questions or concerns? Can you get a copy of all health and registration paperwork on the parents and puppies?

4) DOG PILE: Puppies are naturally curious and should not be shy when meeting new people. Watch the litter to see if any shy away from the breeder, seem scared or nervous. Are they socialized? Would one of these puppies fit into your life? How old are they? Are they eating hard food? Have they started being house trained? Kennel trained? Up to date on vaccinations? Are they ready to go home?

Asking these questions and more will keep you and your new best friend healthy & safe!

"Operation Dog Tag" is an indispensable help to Veterans in recovery from the trauma of war. Please participate now! In my practice as a psycho-therapist from 1975-1998 working with Marine families at Camp Pendleton in California, and Quantico in Virginia, my dog "Ginger" was always a help to ease tension in the sessions. A dog is priceless in giving us a purpose to get up and get going each day. Funding is essential, as well as training materials for those recovering Veterans. If anyone who might read this can help in any way please do.

I did some looking around our area last week, and spring is changing things. The irrigation canals are bringing water to popular lakes like Billy Clapp near Soap Lake and Evergreen Reservoir in the Quincy Wildlife Area. These are just a couple of lakes that fill each spring and offer good fishing for a variety of species.

The timing couldn't be better for the annual Quincy Chamber Trout Derby. It will be held on both Quincy and Burke lakes in the Quincy Wildlife Area, not far from the town of Quincy. The derby kicks off on Friday, March 27th at 6 a.m. The WDFW planned plant of 1,500 rainbow weighing an average of 1 pound that was made in both Burke and Quincy lakes to help with success during the derby. The Quincy Chamber also arranges to have an additional plant of trout that may be even bigger to raise the anticipation of landing a whopper by derby participants. If you haven't registered online, registrations will be taken in person at the derby headquarters on Quincy Lake on Friday from 5 to 8 p.m. and on Saturday from 6 till 9 a.m. The cost is $40 for adults over the age of 18. Kids 17 and under are free, and up to four kids can fish with one registered adult. Something that always impressed me about the derby is their emphasis on the kids. They make sure that all the kids go home with some kind of prize. Please click on the Something Fishy in Quincy logo on my website for all the details. This week's photo was taken at derby headquarters at last year's event.

Good news for fans of fishing at Billy Clapp Lake. The water level is up high enough to launch a boat here now. I was in Grand Coulee recently, to do some videos with my good friend Austin Moser. On the way home I took the Pinto Ridge Road south that takes you by Summer Falls Park and meets Highway 28. It's not far east of here to Stratford and the road into Billy Clapp. The last section of the boat dock is floating, and I know we launched when it was at this level last year. The canal that fills the reservoir is full and the water will continue to come up fast now. I get excited when I see that the boat launch can be used. I have had some terrific spring days on Billy Clapp fishing for rainbow averaging at least 16 inches. The past two seasons have been disappointing but in previous seasons we have had a ball trolling above the big basalt island. We have had our best success flat lining crank baits, like Rapalas or Flicker Shads way behind the boat. Sometimes we have found using side planers to be very effective here, too.

Looking back a year ago, I came across a photo of my fishing buddy Dennis Beich with a nice rainbow he landed on Rufus Woods Reservoir.

This is usually the time of year that the Colville Tribe makes releases of triploids into Rufus. We hit the reservoir right after there had been a release of thousands of them. I launched at the middle net pens and then ran up a ways and watched my depth sounder until I found a good mass of fish on the screen. We tied on either marabou jigs or plastics, pinched the barbs down and had a blast catching and releasing trout. I got a notice that indicated that the releases have begun, and that as many as 25,000 were released recently. The average weight of the trout was just over a pound, which I believe is smaller than many of the previous plants. This is just one of several plants that the tribe typically does in the spring. Some of the releases are of a smaller number of much larger fish. I have announced a derby that is being conducted by the tribe, and these releases should spark interest in participating.

I had arranged to meet Austin Moser, of Austins Northwest Adventures Guide Service, at his home in Coulee Dam on Wednesday, and I arrived in town early enough to check on a couple of the boat launches in the area. On the way up I swung into the Northrup launch site and found that there was one boat in the parking area, probably looking for some pre-spawn walleye. The docks aren't in place yet here. They do an amazing job at the Federal Park at Spring Canyon with the docks. When you pull into the parking area you see the big, long docks high and dry. But way down below, where the water level is right now, you can see that there is a dock in place that can be used to put a boat in. I walked down to it and saw that there is solid concrete right to the water's edge. It is shallow but two large boats had put in there earlier. The other boat ramp that is just above Grand Coulee Dam is out of service now. Hard to say when the water will be back up enough to use this one, due to planned maintenance at the dam.

I want to continue to maintain the level of current reports and even expand the area I cover as I look for fishing opportunities. The time and effort it requires to deliver the best quality information on fishing in the region has become very demanding. I need to consolidate my efforts to make a more efficient use of my time. I will continue to place reports on my website, and I have even added Saturdays and Sundays to my weekly line up of reporting. Now I am inviting you to subscribe to my Facebook page. Please follow me and then go to the subscribe hub. As a subscriber you will receive tips and tricks, How To videos and other special features that I share only with subscribers. There will be video interviews with known fishing experts like Austin Moser, Shane Magnuson, Buzz Ramsey and others. By becoming a Facebook Subscriber, you will not only be getting exclusive information and features, but you will also be helping me expand my coverage of the area where I find more great fishing opportunities. I want to thank you for your support, and I will continue providing you with even better information on fishing in this region.

STARTING TOMATOES

If you grow tomatoes from seed, now is the time to start them indoors if you want big, juicy tomatoes in the summer.

Start by taking photos of your early blooming spring plants so that you will know what you have when they die back. Continue to photo and note what blooms where all season for easy reference the following year.

ORNAMENTAL GRASSES

Now is the time to cut back your ornamental grasses to avoid cutting off the new growth tips. Cut back to about 6 inches. Don't cut fescues, but clean them up by running your hands through the plant and removing the old plant material.

DID YOU KNOW?

• Small businesses accounted for 65% of all net new jobs over the past 17 years.

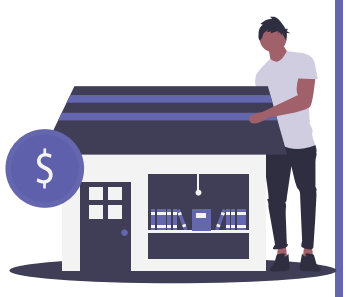
• Small businesses employ 77 million Americans.

• 89% of consumers agree that independent businesses contribute positively to local economies.

• Residential neighborhoods served by a successful independent business district gained, on average, 50% more in home values than their citywide markets.

• Independent restaurants return more than two times as much money per dollar of sales than national restaurant chains.

• If independent businesses regain their 1990 market shares, it would create 200,000 new small businesses, generate nearly $300 billion in revenues and employ more than1.6 million Americans.



• If just half the U.S. employed population spent $50 each month in locally owned independent businesses, it would generate more than $42.6 billion in revenue.

• For every square foot a local firm occupies, the local economy gains $179 vs. $105 for a chain store.

Real Estate Trends & Advice

SHOULD I LOG MY PROPERTY?

Property owners who have trees often ask whether logging would be the right thing to do if they are considering selling their property. The answer to that question depends on several factors. Will the logging significantly change the aesthetic value of the property? In other words, what will the property look like when logging operations are complete? Is the loss of aesthetic value worth the income you might receive, or will the logging actually enhance new growth, make the property safer from wildfire, and open it up for better growth? Will the property be left with nothing but thick stands of worthless seedlings that need to be thinned?

Every logging project will change the aesthetic look of a property, but most can actually improve its appearance if it is done carefully and properly. By contrast, some loggers have little concern for what is left when they walk away. Choose a logger who has a reputation for improving the property instead of damaging it. Over harvesting occurs when someone cuts every possible marketable tree and leaves only the broken, misshapen, or diseased trees, instead of leaving some of the best trees for seed and aesthetics and thinning out the undesirable or weak trees. While some stands of trees (all of the same age) may require an aggressive cut so that the remaining, unprotected stand doesn't blow down in the next windstorm, most stands of timber in this area have enough reprod (reproduction, or young seedlings and second growth) to allow a property to look reasonably good when the loggers leave.

Ask your logger how they fall and skid trees before you hire them. They should be concerned with protecting the remaining stand of reprod, instead of falling trees indiscriminately and damaging most of them as the marketable wood is removed. What the property looks like when they are done cutting and cleaning up the slash is very important. How will they clean up the slash? Will they pile it and burn it, or will that be left up to you? Reseeding a variety of grasses once a logging job is completed is one way to keep noxious weeds at bay (whose once-dormant seeds will now be exposed to new growth opportunities).

If the decision to log prior to a sale is driven solely by monetary gain rather than what will improve the property, it may be unwise.

HISTORIC APPLE CUP RETURNS: TRI-CITY RACEWAY SET TO HOST 57TH EVENT APRIL 11–12 | From Tri City Raceway Media

West Richland, WA — The Pacific Northwest's most iconic short track race is back.

Tri-City Raceway will launch its 2026 season with the Bonney's TYM Tractors 57th Running of the Apple Cup presented by Legends Casino, taking place April 11–12 at the Nation's Fastest ½-Mile Tri-Oval — a weekend set to bring together the best drivers, teams, and fans from across the West Coast.

Long regarded as one of the premier events in regional motorsports, the Apple Cup continues to stand as a crown jewel of West Coast racing, with a legacy that dates back to 1967.

The two-day showcase will feature a star-studded lineup of competition, highlighted by:

- Saturday, April 11 CARS Tour West Pro Late Models $7,500 to Win
  Plus: Hobby Stocks + Speedtype Modifieds
- Sunday, April 12 Northwest Super Late Model Series Apple Cup 125 $10,000 to Win
  Plus: Northwest Vintage Modifieds & Ministocks

Fans can expect intense side-by-side racing, elite talent, and the return of one of Northwest motorsports' most prestigious trophies.

Saturday night will mark the season opener for the CARS Tour West, bringing one of the fastest-growing short track series in the country to the Pacific Northwest.

The Pro Late Models will take center stage as teams from across the West converge on the Nation's Fastest Half-Mile Tri-Oval to launch the series' inaugural season in the Northwest.

The field is expected to include rising young talent Keelan Harvick, adding national attention to the historic Apple Cup weekend.

Originally held at Yakima Speedway, the Apple Cup quickly grew into a proving ground for legends of the sport.

Over nearly six decades, it has featured names such as:

- Hershel McGriff
- Derrike Cope
- Garrett Evans
- Don Dowdy

Today, the tradition continues at Tri-City Raceway, a facility that has helped revive and elevate the event into a modern-era race while honoring its deep-rooted history.

Located at the base of Red Mountain, Tri-City Raceway is one of the most unique venues in North America — the only half-mile paved tri-oval of its kind.

Known for its high speeds, challenging layout, and dramatic racing, the track has become a destination for competitors and fans alike, drawing attention from across the region and beyond.

The Apple Cup is more than just a season opener — it's a tradition that signals the return of racing in the Northwest.

Each year, thousands of fans gather for a weekend that blends history, competition, and community, setting the tone for the racing season and continuing a legacy that has spanned generations.

CAPPS, LANGDON, GLENN ROLL TO WINS AT ARIZONA

PHOENIX (March 22, 2026) – Three-time Funny Car world champion Ron Capps recovered from a massive engine explosion in the second round at Firebird Motorsports Park, defeating Spencer Hyde in the final round to earn his 78th career win on Sunday at the 41st annual FMP NHRA Arizona Nationals presented by NGK Spark Plugs.

Shawn Langdon (Top Fuel) and Dallas Glenn (Pro Stock) also won the second of 20 races during the 2026 NHRA Mission Foods Drag Racing Series season.

In the final round, Capps went 4.124-seconds at 303.24 mph in his 12,000-horsepower NAPA Auto Parts Toyota GR Supra, holding off Hyde to pick up his first victory of the season and fourth overall in Phoenix.

Top Fuel's Shawn Langdon stayed red-hot at Firebird Motorsports Park, winning for the third straight year in Phoenix and knocking off Leah Pruett in the final round with a run of 3.877 at 325.45 in his 12,000-horsepower Kalitta Air dragster. He's now undefeated in his last 12 rounds at the fan-favorite facility and has found success in a variety of conditions over the years.

In Pro Stock, Dallas Glenn more than got redemption for last year's final round in Phoenix, finishing off a magnificent weekend with a run of 6.627 at 206.39 in his RAD Torque Systems Chevrolet Camaro to hold off Cody Coughlin in the final round. It gives Glenn a clean sweep of the weekend after winning the Mission #2Fast2Tasty Challenge on Saturday and also gives the reigning world champion his first victory of the season.

The NHRA Mission Foods Drag Racing Series returns to action April 9-12 with the Lucas Oil NHRA Winternationals at In-N-Out Burger Pomona Dragstrip.
